

Musica Antigua de TOLEDO 2009-2010 Series Presents: Musica Antigua de Toledo Celebrates 30 Years! The journey continues...

Series Concert # 2 :

*Baroque Border Crossings -
Solo and Chamber Music of the Baroque Era*

*B*aroque music offers some of the most pleasant listening experiences. Styles which began in early 17th-century Italy soon spread to the German area by composers who studied or worked in Italy, then returned to their homeland. As the styles and forms evolved through the 17th century and into the 18th, many works became absolute musical gems mostly unheard today. This concert will feature such works.
